Team Meeting Agendas

MEETING LOGISTICS:

SUBJECT:	Operational Efficiency
DATE:	September 26, 2006
START TIME:	10:00 AM
END TIME:	2:00 PM
LOCATION:	Soltec Headquarters Troy, MI 48083

MEETING CONTEXT:

ACME Inc. has initiated a strategic objective to focus on identifying key processes to streamline and standardize operations throughout its group of US centers. Paula Jones contacted Soltec, Inc., and subsequently Soltec was requested to demonstrate business processes, best practices and facilitation expertise for potential future project work at ACME Inc.

You have been invited to participate in an information exchange and evaluation meeting.

Characteristics of a Efficient Process

- One Data Source Drives the Process
- Work is Performed Only Once with Accuracy and Timeliness
- Minimal Reconciliations
- Work is Done by the Individual with the Most Information and Expertise
- No Controls which Slow Down or Halt Process
- No Non-Value Added Tasks
- Process Outputs are Clearly Defined

- Develop Value Proposition
- Assess Organizational Readiness for Change

PHASE DELIVERABLES

- Future State Process / Data Models
- Information Technology Implementation Plan
- Project Plan
- Communication Plan and Presentation Materials
- Measurables and Monitoring Program
- Organizational Effectiveness and Change Management Plan

Five Phases to Implementation

PILOT START UP & LAUNCH

- Test Systems Changes and Adopt Business Practices
- Finalize Selection of Pilot Participants
- Finalize Guides and Communication
- Deliver User Documentation and Training Program
- Deliver Internal and External Presentations
- Execute Pilot
- Develop Pilot Participant Survey

PHASE DELIVERABLES

- Parallel Testing Monitoring Program
- Systems Changes Tested and Verified
- Procedures Documentation for Impacted Functional Areas
- Communication Package
- Training Guides and Presentation Materials
- Value Proposition Assessment
- Pilot Survey and Feedback

Five Phases to Implementation

FULL IMPLEMENTATION

- Evaluate Program Results
- Refine and Modify Information Technology Changes, Procedures, and Training Program
- Conduct Gap Analysis
- Deliver Internal and External Presentations
- Deliver User Documentation and Training Program
- Develop Transition Plan to Manage Full Launch

PHASE DELIVERABLES

- Pilot Program Results Analysis
- Revised Procedures/Training Materials
- Communication Documentation
- Value Proposition Assessment
- Pilot Survey and Feedback
- Full Launch Transition Plan
